

# LabView SDK

SDK for control of camera out of LabView

## Cameras

Works with all AOS cameras

## Easy

SDK light with basic camera functions for ease of integration

## Flexible

Control all GigE parameters that you need.

## Ready

The SDK Light includes a ready to run LabVIEW sample VI

## LabView SDK for AOS cameras (DLL)

The AOS SDK Light includes now basic camera control functions for all AOS using directly the "Call Library Function Node" which is included in the basic LabVIEW subscription for an easy integration for simple applications.

### GigE Vision /Genicam

Expand the basic function of AOS cameras in LabView by adding GigE Vision commands

LabVIEW sample.
